

## Equipment Listing Form

After you have submitted the form, an Iron Globe representative will contact you to discuss the listing process, as well as the details of the inspection process. Only one equipment listing form per location. If the equipment is located at different locations (i.e. Different towns, cities, municipal addresses) we recommend that you fill out a separate listing form for each location to make it easier to arrange for the inspectors to go and perform the inspections. Please register at [www.ironlobe.ca](http://www.ironlobe.ca) before completing the listing form.
